Resolution Procedure

If within thirty (30) days after Customer’s discovery of any warranty defects within the warranty period, Customer shall promptly notify Metro in writing of the nature of the defect, or shall notify Metro of the nature of the defect through Metro’s Customer Service offices via telephone at **1-800-992-1776** or as specified at www.metro.com. Failure by Customer to give such written notice within the applicable time period shall be deemed an absolute and unconditional waiver of Customer’s claim for such defects.

Metro may request Customer collaboration and assistance during diagnosis to resolve the Customer’s warranty claim. If Metro determines that an on-site inspection of the Product is required Customer shall allow Metro (i) full and free access to the Product at a time mutually agreeable to Metro and Customer, and (ii) full and free access to the Customer’s facility where the Product is located.

If Metro determines that the Product is covered under this standard warranty then it is within Metro’s sole discretion to determine how to best address a customer’s warranty issues. If Metro can determine a solution, any necessary parts will be shipped to the Customer at Metro’s expense and a Return Merchandise Authorization (“RMA”) may be issued, if necessary. Returns including disassembly and subsequent reassembly become the responsibility of the owner of the initial installation. If at any time during the warranty period, a customer submits a warranty claim where the Product is later found not to be defective, any on-site service calls and/or replacement Product will be charged to the customer at Metro’s then-prevailing prices/rates.

Replacement Parts and RMA Policy

If Metro issues a RMA to the Customer then all parts specified on the RMA must be returned to Metro with shipping expense to be paid by Metro. Any parts not returned to Metro will be paid for, in full, by the customer. Collect shipments will not be accepted. Metro shall be deemed the owner of all removed and repaired Metro furnished parts from the Product. Product repaired or replaced during the warranty period shall be covered by the foregoing warranty for the remainder of the warranty period or ninety (90) days, whichever is longer.
